Freyja® puzzle is bright and interesting with fascinating designs. For our puzzle we use cardboard which does not deform or delaminate when repeated assembling. Such cardboard does not deform and divide into layers after repeated usage.

Each item is packaged into a cardboard box. Inside it the puzzle pieces are kept in a sealed pack to prevent them spreading during transport.

The plots are based on the designs of the own company design offices. The range includes puzzles of 500, 1000, 1500 and 2000 pieces.
